Documentary Film, by Yng-Jaw Jiing and Weitsy Wang

GIRLS WHO FELL IN LOVE WITH MATH

Taiwan

2017 | 75'

SYNOPSIS

The film is about two girls who grew up together in the 60s of Taiwan, the story of their dream of pursuing math. Both Alice Zhang and Fan-Chung Graham are academicians at the Central Academy of Taiwan. The film states that gender should not be the restriction of studying math, and that women's unique delicate and quiet qualities may surely be the advantage of studying math.
