Submitted to: Theoretical Computer Science

Dear Dr. Lin,

Thank you very much for your review and comments on the above mentioned paper which have now been passed to Ralf Klasing.

We rely on expert referees, such as yourself, unselfishly giving their time to maintain the high quality of Theoretical Computer Science. Your cooperation is greatly appreciated.

http://scopees.elsevier.com/ees_login.asp?journalacronym=TCS&username=josephcclin

For any enquiries about the reviewing process, please do not hesitate to contact our Managing Editor, who would be very happy to help, at tcseditorialoffice@elsevier.com.

As a token of appreciation, we would like to provide you with a review recognition certificate on Elsevier Reviewer Hub (reviewerhub.elsevier.com). Through the Elsevier Reviewer Hub, you can also keep track of all your reviewing activities for this and other Elsevier journals on Editorial Manager.

If you have not yet activated your 30 day complimentary access to ScienceDirect and Scopus, you can still do so via the [Rewards] section of your profile in Reviewer Hub (reviewerhub.elsevier.com).
You can always claim your 30-day access period later, however, please be aware that the access link will expire six months after you have accepted to review.

Kind regards,
Editorial Office
Theoretical Computer Science
